## REAR SPOILER AILERON ARRIÈRE

There is nothing that beats the drama of a rear spoiler moving elegantly into place on a supercar like the Lamborghini Sián FKP 37. Senior Designer Uwe Wabra was determined to recreate that movement, even if it did give him some serious design and mechanical challenges.

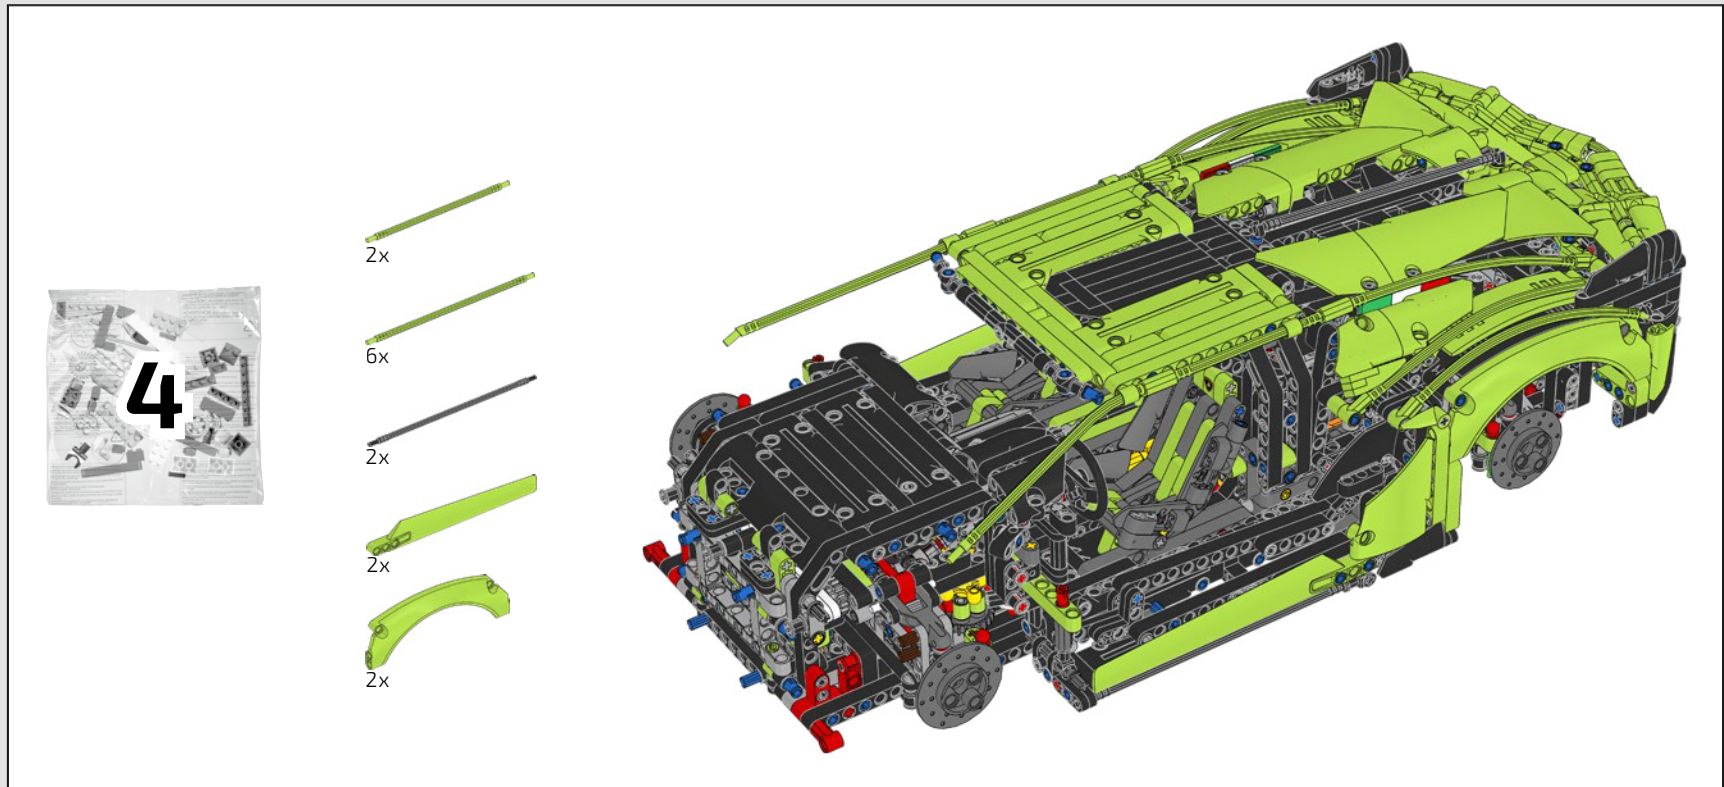

*Rien ne surpasse le spectacle d'un aileron arrière se mettant élégamment en place sur une super voiture comme la Lamborghini Sián FKP 37. Le concepteur principal Uwe Wabra était déterminé à recréer ce mouvement, même s'il lui posait d'importants défis de conception et de mécanique.*

## SCISSOR DOORS

### PORTES EN CISEAUX

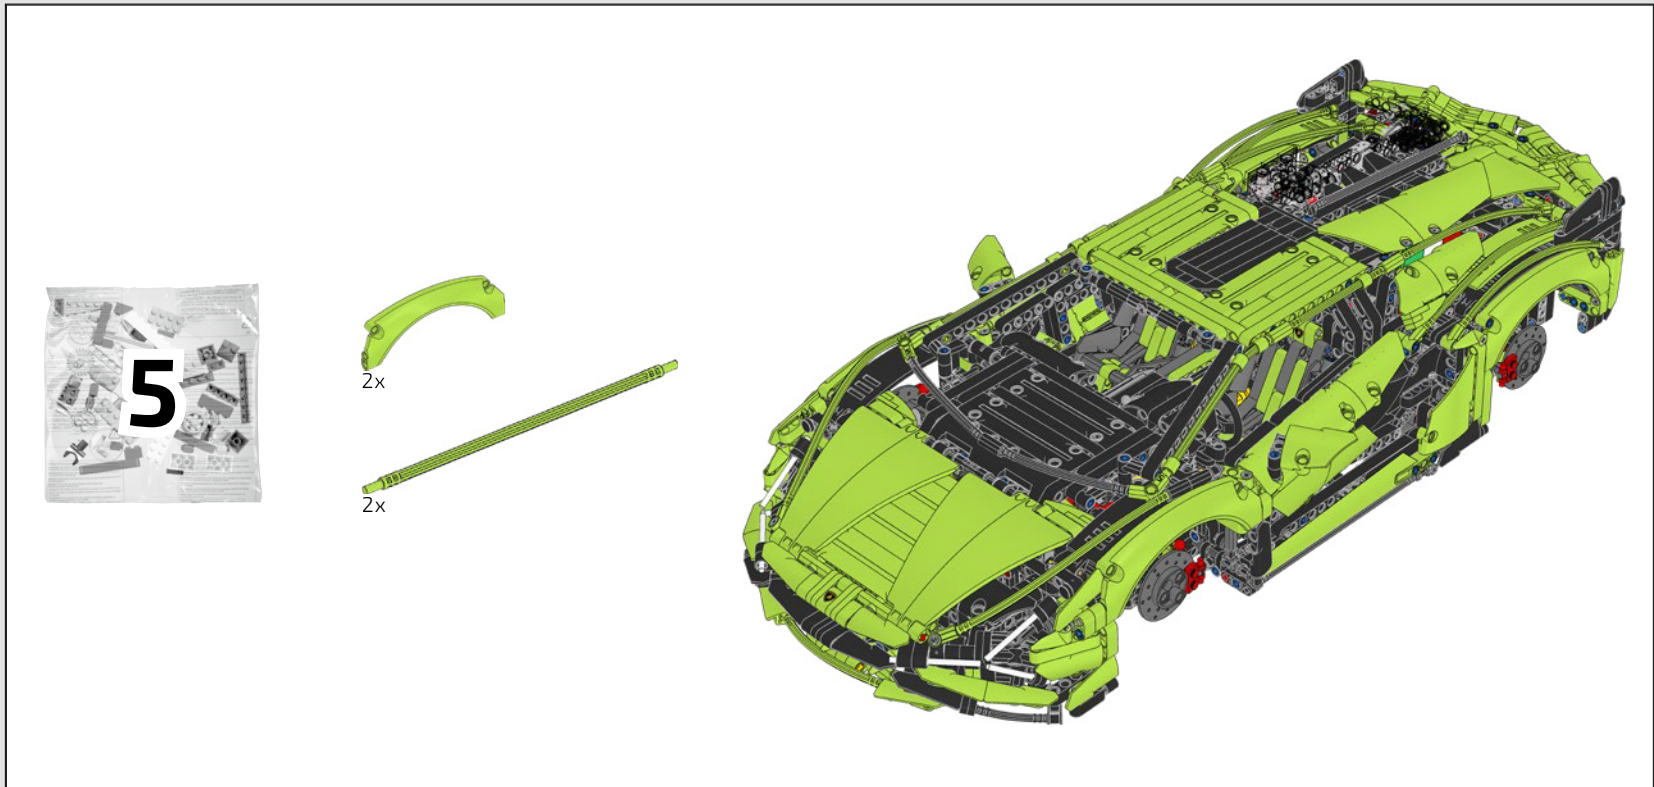

It's difficult enough to replicate the iconic 'scissor' doors of a Lamborghini, but it's an even bigger challenge to create the mechanism that allows them to swing elegantly up, just like on the real Sián FKP 37. Watch as Senior Designer Uwe Wabra explains the hard work that went into these small but vital details on the LEGO® Technic™ model.

*Il est assez difficile de reproduire les portes « en ciseaux » emblématiques d'une Lamborghini, mais c'est un défi encore plus grand de créer le mécanisme qui leur permet de se balancer élégamment vers le haut, tout comme sur la vraie Sián FKP 37. Regardez le concepteur principal Uwe Wabra expliquer le travail acharné nécessaire pour recréer ces détails petits, mais essentiels, sur le modèle LEGO® Technic™.*

## RIMS & TIRES

### JANTES ET PNEUS

The unique wheel rims are such an eye-catching part of the overall Sián FKP 37's design that the LEGO® Technic™ team knew they couldn't truly replicate the supercar if they didn't also recreate its rims. Daniel Sri Sudarsono, Element Designer, was the guy who made it happen, and he explains how challenging a process it was.

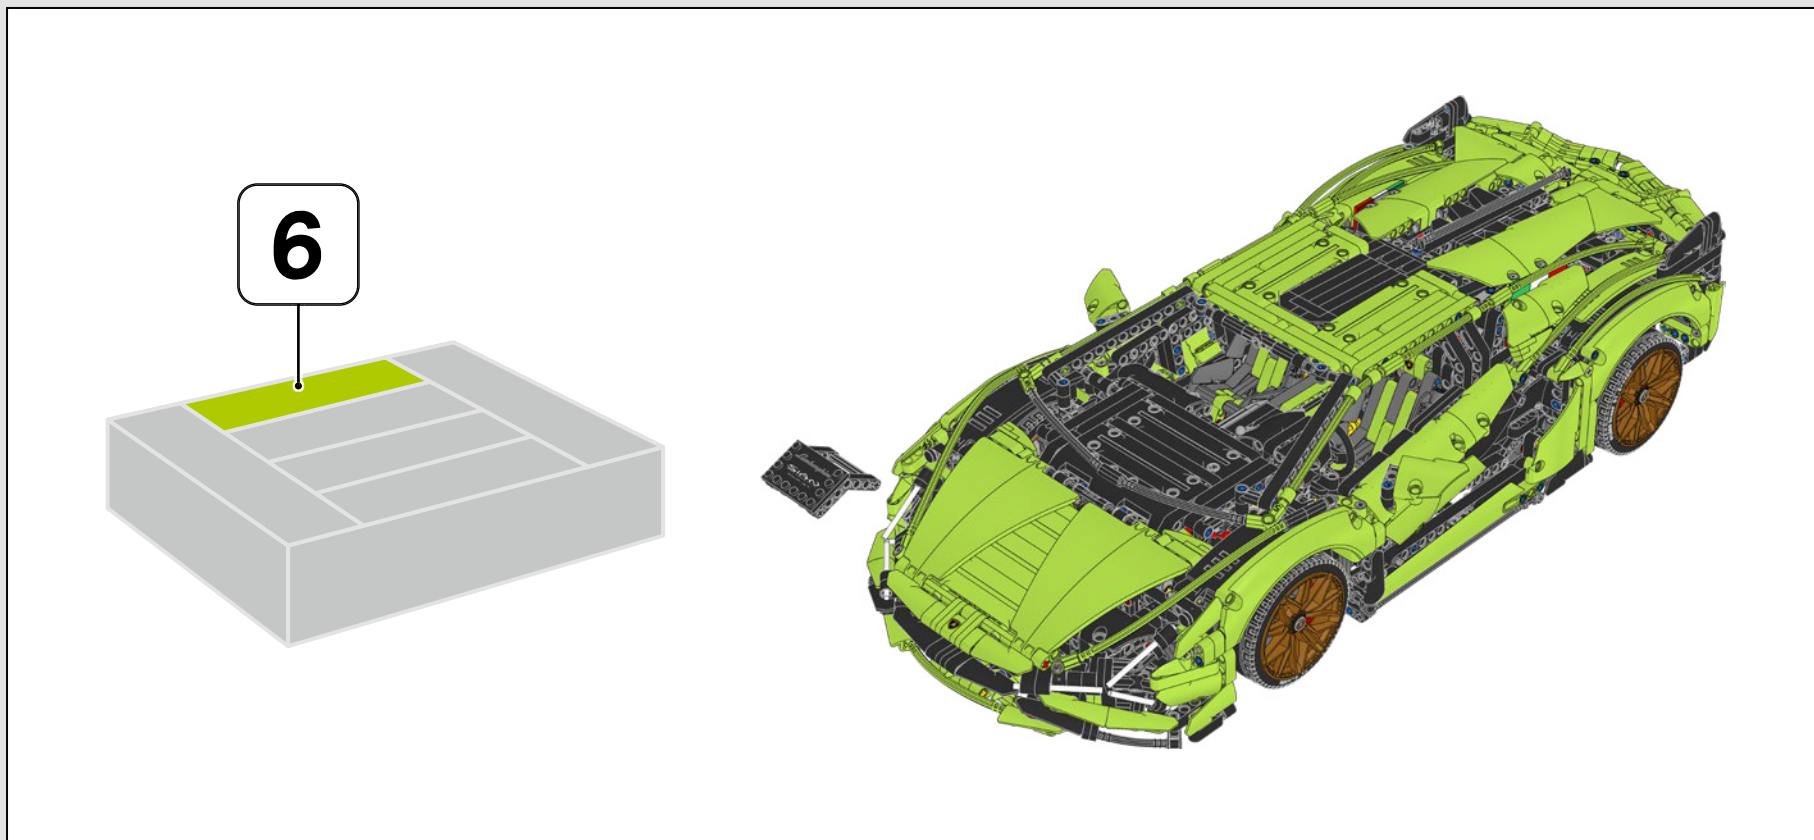

*Les jantes de roue uniques sont une partie si accrocheuse de la conception globale de la Sián que l'équipe LEGO® Technic™ savait qu'elle ne pouvait pas vraiment reproduire la super voiture sans recréer ses jantes. C'est Daniel Sri Sudarsono, concepteur d'éléments, qui a été chargé de ce projet et il explique à quel point le processus a été difficile.*

# LET'S MAKE THE BEST EVEN BETTER

## SURPASSONS L'INÉGALABLE

### TELL US WHAT YOU THINK...

We are always looking to improve the LEGO® Technic™ sets we create, so we invite you to tell us your opinion. What do you think of the model itself? How was the building experience? Did you enjoy the small videos that explained the story behind the model?

When you complete the short feedback survey, you will automatically be entered into a draw to win a LEGO prize. Terms and conditions apply.

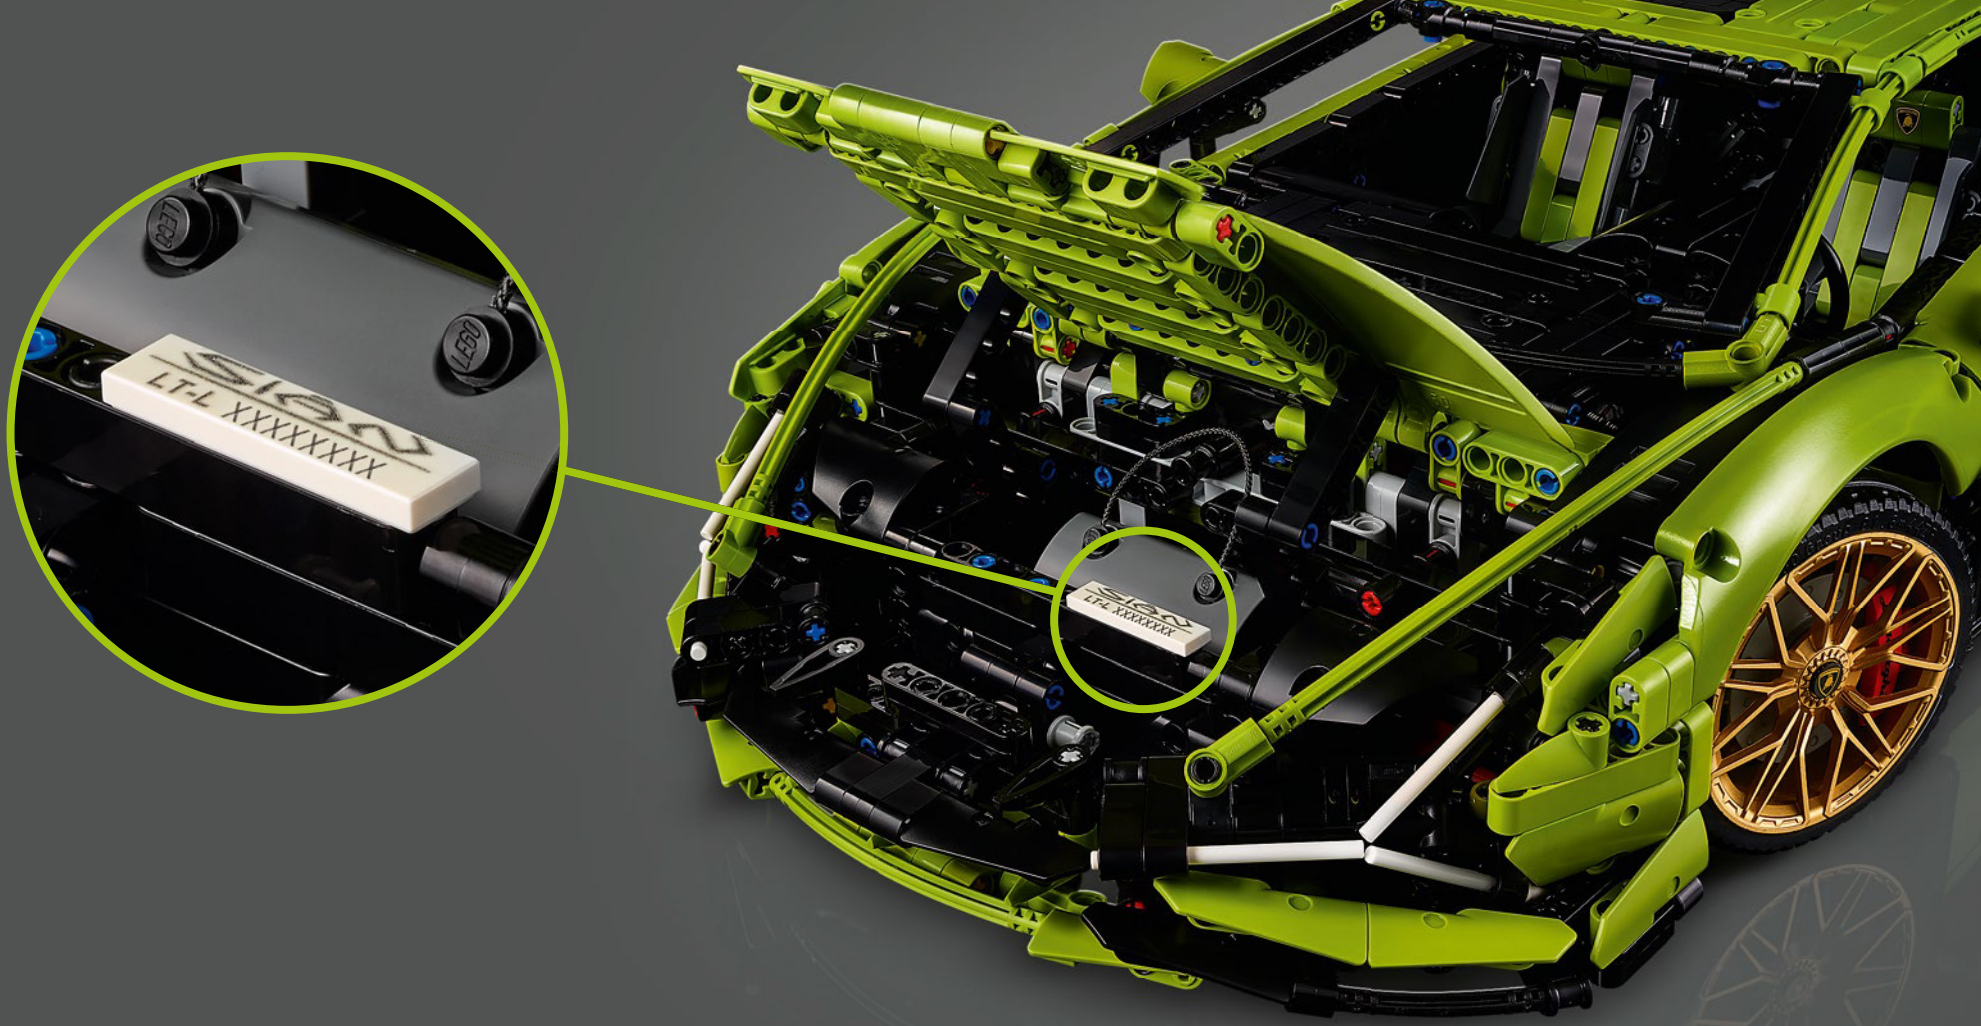

### DITES-NOUS CE QUE VOUS EN PENSEZ...

*Nous cherchons toujours à améliorer les ensembles LEGO® Technic™ que nous créons, nous vous invitons donc à nous donner votre avis. Que pensez-vous du modèle ? Comment s'est passée l'expérience de construction ? Avez-vous apprécié les vidéos qui expliquent l'histoire derrière le modèle ?*

*Lorsque vous remplissez ce court sondage, vous êtes automatiquement inscrit à un tirage au sort pour gagner un prix LEGO. Des conditions générales s'appliquent.*
